

## ABOUT US

*Established in 1983 and based 10 miles south of Bath, Mainstay Designs is a family company offering a comprehensive range of design and building services.*

*Since 1983 our team at Mainstay Designs has grown steadily to keep pace with an increasing number of projects; the majority of which are generated by client referrals.*

*Behind the rich claret fascia and contemporary frontage of our Design Studio in Midsomer Norton, we love working and living in Somerset and enjoy the diverse nature of our work relishing the challenges that every new project brings.*

*As well as our commissioned work, we have developed and created our own state of the art Ammique® branded technology.*

*Within our studio all the furniture we use including a kitchen, wall to wall hardwood cabinets and even our desks have been designed and manufactured by us.*

*Also on show with a vibrant, fused glass back-lit headboard is the Ammique Bed; a unique body support and sleep system and our own patented design.*

*Our Design Studio is open Monday to Friday and at other times at your convenience so if you would like to know more about us, please pop in or give us a call.*

*If you would like to talk through some ideas about a project you're planning for your home, or if you would like to see and test rest the Ammique Bed, why not visit us at our Design Studio. Or if you prefer, simply call or email and we'll arrange to visit you.*

○ *Offering a comprehensive range of design, manufacture and building services from total renovation works to the creation and installation of fine furniture, we relish the challenges every new project brings.*

*Building and General Maintenance*

*Carpentry & Installations*

*Bespoke Joinery & Cabinetry*

*Electrics (NIC/EIC)*

*Plumbing & Gas (Corgi)*

*Painting & Decorating*

*"Our furniture is designed by us specifically for you and is made at our own workshop enabling us to offer good value whilst not compromising on quality."*
